

NEWMALE STUDIES

New Male Studies: An International Journal (NMS) is an open access online interdisciplinary journal for research and discussion of issues facing boys and men worldwide. In response to a now well-documented decline in the overall well-being of males in postmodern culture, a group of Australian, Canadian, European and American scholars have gathered to work together to publish research, essays, opinion pieces, and book reviews on all aspects of the male experience.

NEW MALE STUDIES: AN INTERNATIONAL JOURNAL publishes two issues a year, in June and December. Submissions are reviewed throughout the year. **NMS charges no article-review fee and no publication fee.**

[Author guidelines for initial submissions](#)

All submissions should be sent to Dennis Gouws, the Editor in Chief, at dgouws@aimhs.com.au.

All submitted manuscripts should be Microsoft Word documents.

[Manuscript preparation](#)

The journal publishes refereed (peer-reviewed) scholarly articles (approximately 6,500 to 8,500 words long), analysis-and-opinion pieces (approximately 3,000 to 6,500 words long), and brief reports, including book reviews (approximately 1,000 to 3,000 words).

All submissions must be written in clear English prose, expressed in concepts easily understood by a general reader. Jargon must be clearly defined.

All copy must be single spaced and use 12-point Times New Roman font.

Authors should prepare manuscripts according to the conventions of either the [APA](#) citation style or the [Harvard](#) citation style.

Instructions for formatting abstracts, text with designated headers (A-level through C-level), references, tables, and figures appear in the respective manuals for the APA and the Harvard citation styles.

When writing numbers, please add a zero before each decimal point where there is no preceding integer: for example, .93 becomes 0.93. Also add a space between the greater than or less than symbol and the following integer, including zero: for example, >.001 becomes > 0.001.

Use quotation marks (inverted commas) only when reporting direct speech or quoting from a text. Do not use quotation marks (inverted commas) for emphasis; use italics instead. For example, write *The main goal of the assignment is to please us.* --not *The “main” goal of*

the assignment is to please us.

Use square brackets (also known simply as *brackets*) for editorial interventions on your part. Use round brackets (also known as *parentheses*) to separate nonessential information from the rest of a sentence. More information on bracket use may be found [here](#).

Abstract and keywords

All manuscripts must include a 120-word abstract. Below the abstract, please provide up to five [keywords](#) or brief phrases.

References

Items on the reference page (formatted in either [APA](#) or [Harvard](#) style) should be listed in last-name alphabetical order and should be singled spaced. APA-formatted papers should use the hanging-indent paragraph feature of Microsoft Word. Each listed reference must have been cited in the text. References should be appended to the manuscript at the end of the document; do not only include references in the footnotes or endnotes.

Figures, photographs and illustrations

Graphic files are accepted in most formats including *bmp*, *emf*, *jpg*, *gif*, *tif*, *wmf* and *png* formats. High-quality printouts (minimum 300 dpi) are needed for all graphics. The minimum line weight for line art is 0.5 point for optimal printing. The Journal reserves the right to determine the final colour, size, format and position of all figures, photographs or illustrations in the published manuscripts.

Refereed-article review procedure

Submissions for publication in NMS as refereed articles are refereed by two readers who will decide whether to accept a submission as it is, to accept a submission with revision, or to reject a submission. The editor in chief will make the final decision if the readers disagree. Helpful comments from these readers will be shared with the author (or authors) of reviewed articles.

Additional Requirements for Accepted Submissions

Header graphic

A header graphic should be included to accompany the manuscript. This graphic should augment the theme or tone of the article and will be included above the title of the article on the title page in the published manuscript. The format of the graphic should be as described in the **Figures, photographs and illustrations** section. The editorial team will provide a graphic if none is included.

Permissions

Authors are required to obtain and provide to the editor, all necessary permissions to reproduce in print and electronic form any copyrighted work, including, for example, photographs of people and the header graphic. Authors will incur all costs for obtaining photographs, illustrations and permissions.

Author biography

A short (maximum 200 words) author biography should be included with the manuscript. If there is more than one author, then each author should submit a separate biography.

Biographies should include academic or other titles as well as academic or other affiliations, together with a contact email address.

A colour head-and-shoulders photograph of the author should also be included to accompany the biography. The format of the photograph should be as described in the **Figures, photographs and illustrations** section.

Authors of manuscripts describing research using human participants are required to comply with ethical standards in the treatment of human participants.
